

ANNUAL REPORT

2020

Your support is often a survivor's first real chance to become the person they were created to be.

***"There is hope.** I had to first believe that in order to receive it. One day at a time I had to begin to trust the process of deliverance"*

We delivered more than **1020 bags of snacks and a card of our thanks** to those who serve our communities!

"I cannot say enough about the work being done here; their walking alongside the women and in working toward opening a home for the women. I am truly blessed to be able to be a part by helping in the office"

Empowering women through support services & a home

The women we currently are able to walk alongside have struggled and overcome in many ways this past year. Our **consistent relationship building** never stopped: We have surprised them with flowers, send encouraging notes, one on one meetings, training opportunities, support during court cases, prayer, texting, etc. Consistently reaching out & building connections with those working in 4 different strip clubs.

Ignite Hope; Pathway to our home - Our hybrid event had 50% attendance from the prior year. Yet-we profited the same amount of money as 2019- **over \$27,000!** We had **over 15 volunteers** that helped pull it all off.

"The women we get to walk alongside inspire us and teach us so much through their perseverance and courage. Just as our consistency, grace, and compassion help them."

Note from Executive Director

"What a year to persevere and move forward! I am honored that we are growing internally with new working board members and leaders, our growth in community

outreach and support, and our solid consistency in support of women survivors. We did what we were able and I truly believe God really blessed our work in ways we could not do on our own! What a treasure to be on this journey with so many amazing people! I am expectant for more amazing growth and provision in the year 2021!" --Chaplain Krista Hull
